Quotations Unchanged.

At New York, yesterday, money on call closed easy at 1 per cent.

Prime mercantile paper, 365%. Sterling exchange firm, with actual business in bankers' bills at \$4.861/4@4.861/2 for demand and at \$4.851/4@4.851/4 for sixty days; posted) rates, \$4.86@4.86% and \$4.87@4.87%;

commercial bills, \$4.841/2@4.84%. Silver certificates, 63%c bid. Bar silver closed at 63%c per ounce; Mexican dollars, 52%c. At London bar silver closed at 29 3-16d. Total sales of stocks were 245,426 shares, including the following: American Sugar, 29,500; Burlington, 19,700; Chicago Gas, 38,-000: Distilling, 12,600: General Electric, 7,-500; Rock Island, 3,800; St. Paul, 32,000; Western Union, 5,000.

The stock market was irregular throughout the day yesterday, with the general tendency in the direction of lower prices until late in the afternoon, when shares had reached about the lowest level. At this time a very good buying movement set in, which brought about a recovery in most of the issues traded in, and in some shares an advance on the day was established. Sugar and Chicago Gas were the speculative features, the first named being by far the most prominent. At the opening Sugar receded 14 and quickly advanced 14, but the offerings were so heavy as to check the rise promptly, and under free selling, which was continued during the morning, a break of 214 per cent. was effected. The shares were entirely without support, and both longs and shorts were alike sellers. During the early afternoon rallies and reactions followed in quick succession, but it was not until after 2 o'clock that a well-defined advance set in, by purchases of large blocks of the stock, and just before the close 91 was touched, being a gain of 21 per cent. from the low point of the morning, a reaction of ¼ taking place at the close, leaving a net improvement of ½ per cent. Sugar preferred, on light selling, fell off 14, but recovered 4 per cent., to 921/6. There was talk on the street to the effect that the refining company was getting ready to com-pete with importers of German beet sugar when the new crop begins to arrive next month, and this was not calculated to help the stock, but the shorts took alarm late in the day and closed out their centracts. Chicago Gas rose 4 in the early dealings, but on Western selling, supplemented by that of the local traders, a break of 2½ per cent. was made before roon. During the afternoon a partial recovery took place and in the late trad-ings an additional advance was made, the a loss of ½ per cent. on the day. The granger shares show declines on the day of ½ in Burlington and ½ in the rest of the group, despite the fact that both Burlington and St. Paul show gains in August net earnings. Burlington, however, made its increase wholly by lessening op-erating expenses, and St. Paul makes the major part of its gain in the same way, to which fact are due the lack of speculative appreciation of the companies' reports. London was a buyer of St. Paul in the early trading. The changes in the rest

preferred advanced 34. The market closed The bond market was fairly firm, but became easier in the afternoon. In the late dealings, however, there was a rally in the more active issues. The sales for the day were \$775,500. Government bonds were firm. State

of the list, compared with Thursday, are

generally slight. Louisville & New Albany

bonds were dull and	railroa	ad bo	nds ea	asier.

### LOCAL GRAIN AND PRODUCE.

Trade in Most Lines Good, with a Tendency to Higher Prices.

On the wholesale streets there is a good deal of activity and the business of this month will come nearer comparing well with last year than any preceding month of 1894. Dry goods houses the last few days have had a brisk trade. Millinery houses have been busy and grocers very busy. On Commission row trade had been fair, but a good deal divided between the new and old commission houses. Fruit and vegetables are firmer in tone, although not quotably higher. Poultry advanced on light receipts and a better Eastern demand. Eggs, as well, go up another 1/2 cent, and are in good request. The cooler weather has increased the demand for provisions. The hide market is active and prices firm at the recent advances. Local grain was fairly active, but only on early deliveries. Corn and oats in good

request. The weaker tone to the market of several days past has been checked for the day and track bids ruled as on Thurs-day, as follows: Wheat-No. 2 red, 47c; No. 3 red, 4tc;

wagon wheat, 48c. Corn-No. 1 white, 54c; No. 2 white, 54c; No. 3 white, 54c; No. 4 white, 50c; No. 2 white mixed, 50%c; No. 3 white mixed, 50%c; No. 4 white mixed, DC; No. 2 yellow, 52c; I quality.

SAVED AT THE CLOSE No. 3 yellow, 52c; No. 4 yellow, 48c; No. 2 mixed, 511/2c; No. 4 Oats-No. 2 white, 31%c; No. 3 white, 30%c; No. 2 mixed, 29%c; No. 3 mixed, 28%c; rejected, 26629c. Rye-No. 2, 44c for car lots, 40c for wagon

> prairie, \$7.50; mixed, \$6.50; clover, \$6.50 per Poaltry and Other Produce. (Prices Paid by Shippers.) Poultry-Hens, 8c per lb; spring chick-ens, 8c; cocks, 3c; turkeys, toms, 3c per lb; hens, 5c per lb; young turkeys, 8c; small, 466c; ducks, 5c per lb; geese, \$4.065.40 per doz for choice. Eggs-Shippers paying 14%c.

Hay-No. 1 timothy, \$8.50; No. 2, \$8; No. 1

Butter-Choice, 12/14c. Honey-18c. Feathers-Prime geese, 30@32c per lb; mixed duck, 20c per lb. Beeswax-20c for yellow; 15c for dark. Wool-Medium unwashed, 12c; fine merino unwashed, 8c; Cotswold and coarse combing, 10@12c; tub-washed, 15@18c; burry and unmerchantable, 5c less.

HIDES, TALLOW, ETC. · Hides-No. 1 G. S. hides, 4½c; No. 2 G. S. hides, 3½c; No. 1 calf hides, 6½c; No. 2 calf Tallow-No. 1 tallow, 41c; No. 2 tallow, Grease-White, 41/2c; yellow, 31/2c; brown, Bones-Dry, \$12@13 per ton.

## THE JOBBING TRADE.

(The quotations given below are the selling prices of wholesale dealers.)

Candies and Nuts. Candies-Stick, 7c per lb; common mixed, 7c; G. A. R. mixed, 8c; Banner mixed, 10c; cream mixed, 10c; old-time Nuts-Soft-shelled almonos, 18c; English walnuts, 15c; Brazil nuts, 12c; filberts, 11c; peanuts, roasted, 768c; mixed nuts, 14c.

Canned Goods. Peaches—Standard, 3-pound, \$1.85@2; 3-pound seconds, \$1.50@1.65; 3-pound pie, \$1.15@1.20; California standard, \$2.25@2.50; California seconds, \$1.85@2. ## SO FLATTERING

MERCANTILE AGENCIES FIND DECIDED CHECK TO BUSINESS.

Both Dun & Co. and Bradstreet Not Discouraging Conditions at Leading Trade Centers.

NEW YORK, Sept. 28.-R. G. Dun & Co.'s weekly review of trade, which issues to-morrow, will say: Special inquiry has Wide diversity appears in different trades. The main facts disclosed are marked improvement within the past month and a considerable excess over the business done a year ago, particularly in the necessaries of life, but it appears that the volume of trade at present is, on the whole, considerably less than in a normal year at most points, and in the more important trades is apparently about 20 per cent, smaller than in September 1892. Evidence of continued improvement in wholesale trade and manufactures does not appear this week. There is large distribution on orders given some time ago, but new business going to the manufacturers is everywhere slackening The completion of orders for replenishment of stocks leaves a narrower demand and it is yet too early for consumption to provide further orders. The depression in prices of farm products will have some influence, Unprecedented records have been made in cotton and wheat, though as to wheat only in contracts for future delivery, in which the prices are the lowest ever made. The available stocks are about 15,000,000 bushels greater than a year ago, and Western receipts for the week were 5,252,716 bushe's, against 6,191,034 bushels last year, and since Aug. 1, 51,000,000 bushels, against 38,000,000 bushels last year. The Atlantic exports for the week and since Aug. I have been about a third smaller than last year, but the fall in prices during the week has been 1.75

Cotton on the spot is lower, at 6.44 cents than at any other time since 1849, and quotations then did not mean what they do now, while the nearest option has been quoted at 6.04 cents, which is below all previous records. Even at the close the fall for the week is 4c. An estimate of 3,600,000 bales, minimum, this year, has influenced the market, but would receive less attention if stocks in sight were not heavy. All agree that this crop is likely to exceed the world's requirements of American cotton. It is encouraging that the speculation in corn has broken and the price has fallen 5 cents, less gloomy esumates than those of the departments having gained general credence. It is now supposed that the yield is not far from 1,500,000,000 bushels, which will compel much economy in feeding, but spec-ulation in pork has also broken and the price has fallen 75 cents, while lard has de-

The iron industry shows a shrinkage of demand and the prices quoted to-day are but little above the lowest this year. Bessemer pig is weaker at \$11, at Pittsburg, with an impression that excess of production must cause further decline unless lower prices are made for steel rails. Billets structural forms and nails are a shade weaker and in Eastern markets competition of works to get business tends to destroy profits. There is more business at the West, and Chicago reports a good de-mand for sheets, for bar in small lots and for coke pig, though plates and boller tubes are weaker. The boot and shoe manufacture continues to lead others in comparative activity and shipments from Boston for 222,623 last year and 328,106 in 1892.

the month have been 338,097 cases, against Failures are few and small for the week the liabilities amounting to \$5,278,285, of which \$2,382,313 were of manufacturing and \$2,575,112 of trading concerns. The failures during the week have been 235 in the United States, against 334 last year, and 55 in Canada, against 33 last year.

Bradstreet's Weekly Review. NEW YORK, Sept. 28.-Bradstreet's tomorrow will say: The feature of general trade throughout the country is found in moderate reactions within the week, more particularly in the volume of purchases of staples West, where trade has been quite active and at Eastern points in the course of prices. The week fails to show any upward movement of note in this line and in the check to business South, together with damage to the rice and orange crops. Leading jobbers at distributing points, which for a month past have reported relatively most favorably concerning the course of the business-Baltimore, St. Louis, Nashville and Chicago-send modified advices as to activity and the bright outlook. Wheat has made another "lower price," and Indian corn and oats have both declined. Sugar and coffee record lower figures, and another lowest price for cotton has had an unfavorable influence on the tone of busi-ness at important Southern markets, par-ticularly in view of activity of receipts of that staple. Bessemer pig iron sales show a loss of 25c, and steel billets almost as much. Standard brands of forge iron, West and South, show like depressions, and the trade admits production has exceeded consumption. The conspicuously irregular price is for lumber, it being fairly active, but low at Minneapolis, stifter at St. Louis a contrast with advices from Chicago and elsewhere. Leather is fairly firm, and in distribution dry goods, shoes, millinery and

Exports of wheat (and flour as wheat), both coasts, United States and Canada, this week, have fallen off some, amounting to 2,562,000 bushels, against 3,537,000 bushels last week and 3,490,000 bushels in the week a year ago. Two years ago the total was 4.050,000 bushels, three years ago, 3,405,000 bushels and four years ago, 1,598,000 bushels. London wool sales have proved disappointing to those who predicted or aniclpated heavy purchases for the American market and rapid advance in prices. On this side quotations are off 1 cent, fleeces particularly being weak. There is a better trade in Territories and Australian. Distributing of dry goods from Eastern points has declined on the slackening of fall demand. Little confidence is placed by buyers in the higher prices for cottons due to strikes of operatives, and print cloths are weaker. Domestic woolen manufacturers report an active present business, but little in sight for spring, with competition keen between foreign and domestic men's wear woolens, General trade is quiet at Boston in lines, but at Baltimore jobbers are advised by traveling salesmen of a fair business. Philadelphia manufacturers of cotton and woolen dress goods are well employed, but orders for dry goods and groceries have fallen off. At Pittsburg the volume of business is fair, but prices tend lower.

Glad to See Him Home.

Washington Star. "Senator Sorghum," said the constituent, 'we're mighty glad ter see ye home agin. I yer nat'ral days."

and there is less request for iron and

## CASH WHEAT AT 53C

ALL RECORDS FOR ROUND LOTS BROKEN AT CHICAGO YESTERDAY.

Corn Has Been Leading in the Decline for Several Days, Selling Down to 49c, May Closing at 49 1-4c.

CHICAGO, Sept. 28.-Cash wheat broke all records to-day, when a round lot in the National elevator sold at 53c per bushel. The speculative grain markets were weak under free selling, corn leading in the decline. December wheat closed 4c lower, May corn %c lower and May oats %c lower. Provisions finished with modest

Wheat followed the regular programme at the opening. It started weak at about %c below the closing prices of the previous day, and continued to rule dull and heavy for an hour. A little more life was infused into the market at the end of that time, and slight increase in activity was accompanied by a rather firmer feeling. The situation had not outwardly changed since the day before. Chicago receipts for to-day were 7.849 bushels and the shipments 8,282 bushels. The primary market receipts, including those at Kansas City, amounted to 850,000 bushels. The export clearings of wheat and flour from the principal Atlantic ports amounted to the respectable total of 533,000 bushels. Foreign markets were generally weak and lower at the opening. Berlin being the exception. December opened here at 53%c, as against 5314c at the close of the marnet yesterday. It did not get below that price, nor above 53%c, an forenoon. The closing cablegrams showed no change since the opening. Antwerp, Paris and Liverpool all sent lower quotations and Berlin higher. The price here worked down around 5314c near the middle of the day, and a scratch sale was made at 53c. Considering that corn was turning itself inside out during the greater part of the session, wheat acted firm, closing at 5314c bid for December. Corn was very weak at the opening, and

became weaker as the session progressed, up to about 12 o'clock. In that time 1c per bushel had been knocked off the value it had at the close of the preceding day. The very first transactions shook the price down e, the opening trades in May being at range of 49% c down to 49% c, compared with 50c, its closing value on the day previous. It ruled firmly for awhile and reacted to 495 c, but shortly after 12 o'clock it had slid down to 49c. There was another reaction, which carried the price up again to 49½c, but everybody seemed to have corn for sale at 49½c. The general belief is that a large proportion of the unloaded cars in the railroad yards are filled with corn, and the shipping demand for No. 2 corn has disappeared. The market was weak at the close, finishing at 4914c for May. A good business was transacted in oats. Orders were plentiful, and sellers offered still more freely. This tended to ease off values, although the fluctuations were governed entirely by the action of corn, and were steady to a shade firmer, but gener-

ally speaking were lower. Carrington-Hannah disposed of considerable stock. Bartlett-Frazier, Zorge and Lindman were good buyers. Other trading was principally scattered. May opened from 331/4/0331/4c to 333/4c, solotion to 333/4c, and back to 331/4/0 3314c, closing at 33@3314c.

Provisions did better for holders to-day.

The receipts were only 16,000, and 10,000 are looked for to-morrow. Armour & Co. were credited with buying a good deal during the session, and the Anglo-American Packing Company and the packers were also more favorably inclined toward the market than for several days. Pork opened at an advance of 5c and rose 20c more, reacting a trifle, and closing with a net gain of 221/2c. Lard at the close showed an improvement of .10c, and ribs made a similar

Freight rates steady at 11/2c for wheat, 13/8c for corn and 11/4c for barley to Buffalo, and 4c for corn to Prescort. Estimated receipts for Saturday: Wheat 112 cars; corn. 275 cars; oats, 175 cars; hogs,

Garrett, DeKalb (mother); Catherine Plock (mother), German Ridge, Perry; minors of Thomas Printy, Henryville, Clark. opened weak, with a few sales early at lower prices than yesterday's close; later the market ruled more active and higher, in some instances fully 10 cents higher than A Point in Mrs. Lease's Favor. Pittsburg Chronicle-Telegraph.

THE INDIANAPOLIS

The quality was saly fair and the market was without quotable change.

Good to choice sheep ........\$2.60@3.00 Fair to medium sheep ..... 2.25@2.50

Elsewhere.

sisted about equally of natives and rangers, the estimates being 4,500 natives; 4,000 Westerns and 1,000 Txeans, 9,500 altogether.

But that number did not constitute the sup-

ply, a good many cattle remaining in sell-

ers' hands at the close of yesterday's mar-

ket. Trade opened late and slow. It was slow to the end but there were fewer cat-

tle left over than was the case yesterday.

Natives sold principally at \$1.7565.60, with

\$196.25 the extreme range of quotations.

@4.50 for poor to choice, and Texans were

salable at \$1.25@3.10. Stockers and feeders

were dull at the recent decline and veal

Prices for hogs were very uneven. There were sales that looked 10c nigher than on

Thursday and other sales were barely as

good as for that day. The average of prices,

however, was slightly higher and the tone of the market healthier. About 17,000 hogs

arrived and that practically constituted the

day's supply, very few lots having been left over from yesterday. Sales were at a

range of \$566.10 for very common to prime

Only here and there was there a load good

enough to bring more than \$5.90, and most of the hogs were weighed at prices below

\$5.80, though the quality averaged pretty
